SUBJECT INDEX

Airport construction
Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Allowable stress design
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.

Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.

Comparison of ASD and LRFD Codes for Wood Members. III: Connections, Patrick J. Pellicane, SC May 00, p66-69.

Anchors
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Arches
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

ASCE Conferences
Construction Forum, William W. Badger, P.E., SC May 00, p48-53.

Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

ASCE Technical Divisions
Construction Forum, Cliff Schexnayder, P.E., SC Aug. 00, p91-92.

Automation
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Axial loads
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.

Barriers
Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Beams
Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Beams, cantilever
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Bearing capacity
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Bending moments
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Bracing
Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

Bridge design
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Bridge tests
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Bridges
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Bridges, girder
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Bridges, highway
Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Bridges, steel
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Bridges, truss
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Buckling
Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

Building codes
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.

Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.

Comparison of ASD and LRFD Codes for Wood Members. III: Connections, Patrick J. Pellicane, SC May 00, p66-69.

Canals
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Case reports
Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Cast iron
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Change
Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Chipping
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Coating
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Cold-formed steel
Global Optimum Design of Cold-Formed Steel I-Shape Beams, Asim Karim and Hojjat Adeli, SC May 00, p78-81.

Columns
Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Communication
Construction Forum, William W. Badger, P.E., SC May 00, p48-53.

Computer analysis
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Computer models
Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Concrete
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Concrete masonry
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Concrete structures
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Connections
Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

Governing Yield Modes for Common Bolted and Nailed Wood Connections, Brian J. Tucker, David G. Pollock, Kenneth J. Fridley and Jeffery J. Peters, SC Feb. 00, p14-26.

Connectors, mechanical
Comparison of ASD and LRFD Codes for Wood Members. III: Connections, Patrick J. Pellicane, SC May 00, p66-69.

Constructibility
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Construction
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Construction companies
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Construction management
Construction Forum, William W. Badger, P.E., SC May 00, p48-53.

Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Construction methods
Suggested Practices for Installations Using Horizontal Directional Drilling, Samuel T. Ariaratnam and Erez N. Allouche, SC Nov. 00, p142-149.

Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Contract terms
Suggested Practices for Installations Using Horizontal Directional Drilling, Samuel T. Ariaratnam and Erez N. Allouche, SC Nov. 00, p142-149.

Contracts
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Cracks
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Damage assessment
Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Decision making
Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Design
Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.

Global Optimum Design of Cold-Formed Steel I-Shape Beams, Asim Karim and Hojjat Adeli, SC May 00, p78-81.

Design standards
Governing Yield Modes for Common Bolted and Nailed Wood Connections, Brian J. Tucker, David G. Pollock, Kenneth J. Fridley and Jeffery J. Peters, SC Feb. 00, p14-26.

Drilling
Suggested Practices for Installations Using Horizontal Directional Drilling, Samuel T. Ariaratnam and Erez N. Allouche, SC Nov. 00, p142-149.

Ductility
Governing Yield Modes for Common Bolted and Nailed Wood Connections, Brian J. Tucker, David G. Pollock, Kenneth J. Fridley and Jeffery J. Peters, SC Feb. 00, p14-26.

Earthquake damage
Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Education
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Elastic properties
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Employee relations
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Errors
Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Excavation
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Failures
Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Fences
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Fibers
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Fills
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Flexure
Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.

Flow
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Foundation design
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Frames
Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.

Girders
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Gluing
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Highways
Construction Forum, Cliff Schexnayder, P.E., SC Aug. 00, p91-92.

Hinges
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Historic sites
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Hudson River
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Hydroelectric powerplants
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

I beams
Global Optimum Design of Cold-Formed Steel I-Shape Beams, Asim Karim and Hojjat Adeli, SC May 00, p78-81.

Injection
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Installation
Suggested Practices for Installations Using Horizontal Directional Drilling, Samuel T. Ariaratnam and Erez N. Allouche, SC Nov. 00, p142-149.

Instrumentation
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Labor
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Lateral loads
Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.

Leadership
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Lifting
Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Light attenuation
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Load and resistance factor design
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.
Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.
Comparison of ASD and LRFD Codes for Wood Members. III: Connections, Patrick J. Pellicane, SC May 00, p66-69.
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Load transfer
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Loading rate
Structural Design Forum, Carl J. Lehman, P.E. and Robert C. Rogers, P.E., SC Nov. 00, p131-135.

Loads
Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Management style
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Measurement
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Neural networks
Global Optimum Design of Cold-Formed Steel I-Shape Beams, Asim Karim and Hojjat Adeli, SC May 00, p78-81.

Noise
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Optimal design
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Optimization
Global Optimum Design of Cold-Formed Steel I-Shape Beams, Asim Karim and Hojjat Adeli, SC May 00, p78-81.

Organization theory
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Parking facilities
Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Pedestrian safety
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Penetration resistance
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Performance evaluation
Construction Forum, Cliff Schexnayder, P.E., SC Aug. 00, p91-92.

Pipelines
Suggested Practices for Installations Using Horizontal Directional Drilling, Samuel T. Ariaratnam and Erez N. Allouche, SC Nov. 00, p142-149.

Plastics
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Pretensioning
Direct Solution for Elastic Prestress Loss in Pretensioned Concrete Girders, Harry A. Cole, P.E., SC Feb. 00, p27-31.

Recycling
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Rehabilitation
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Renovation
Hoisting "Y" Columns at the Phoenix Airport Parking Garage Expansion, Scott A. David and Cliff J. Schexnayder, SC Nov. 00, p138-141.

Repairing
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Research
Wisdom in Managing the Construction Process, William W. Badger, P.E., SC Feb. 00, p11-13.

Restoration
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Retirement
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Retrofitting
Practice of Restoring Damaged Historical Truss Bridge, Chung C. Fu and Ken Harwood, SC Aug. 00, p122-125.

Reviews
Construction Forum, Cliff Schexnayder, P.E., SC Nov. 00, p136-137.

Screens
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Sealing
Structural Design Forum, Carl J. Lehman, P.E., SC May 00, p41-47.

Seismic design
Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Shale
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Shrinkage
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Simulation
Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Site investigation
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Slopes
Deep Excavation in Shale for a Hydroelectric Facility, Nasim Uddin, SC Nov. 00, p157-165.

Soil-structure interaction
Modifying Existing Foundations to Carry Additional Load, Robert C. Rogers, P.E., SC Aug. 00, p115-125.

Spalling
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Stability
Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.

Standards
Structural Design Forum, Carl J. Lehman, P.E. and Robert C. Rogers, P.E., SC Nov. 00, p131-135.

State agencies
Construction Forum, Cliff Schexnayder, P.E., SC Aug. 00, p91-92.

Steel columns
Design of Steel Columns in Unbraced Frames Using Notional Loads, Jon A. Schmidt, P.E., SC Feb. 99, p24-28.

Stiffening
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Strength
Location of Hinges in Cantilever Girder Systems with Variable Loads, Frank J. Hatfield, P.E. and Mark L. McEldowney, SC Feb. 00, p32-35.

Structural design
Structural Design Forum, Carl J. Lehman, P.E. and Robert C. Rogers, P.E., SC Nov. 00, p131-135.

Structural elements
Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Structural failures
Design and Construction Errors—Case Studies, Helmut M. Haydl, P.E. and Andrew W. Nikiel, P.E., SC Aug. 00, p126-130.

Structural members
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.

Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.

Structural models
Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Structure reinforcement
Structural Design Forum, Carl J. Lehman, P.E., SC Feb. 00, p1-10.

Taiwan
Study of Damaged Wushi Bridge in Taiwan 921 Earthquake, Yao T. Hsu and Chung C. Fu, SC Nov. 00, p166-171.

Teamwork
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Temporary structures
Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

Timber construction
Governing Yield Modes for Common Bolted and Nailed Wood Connections, Brian J. Tucker, David G. Pollock, Kenneth J. Fridley and Jeffery J. Peters, SC Feb. 00, p14-26.

Traffic safety
Combination Glare Screen Pedestrian Fence Using Recycled Plastics, M. Ala Saadeghvaziri, P.E., Keith MacBain and Selahattin Ersoy, SC Nov. 00, p150-156.

Training
Team-Building in Construction, David M. Spatz, SC Aug. 00, p93-105.

Trusses
Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

Equivalent Beam Method for Trusses, Brian Giltner, P.E. and Aslam Kassimali, SC May 00, p70-77.

Structural Design Forum, Carl J. Lehman, P.E. and Robert C. Rogers, P.E., SC Nov. 00, p131-135.

Wood
Comparison of ASD and LRFD Codes for Wood Members. I: Axial Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p54-59.

Comparison of ASD and LRFD Codes for Wood Members. II: Flexural Loading, Patrick J. Pellicane and Marvin E. Criswell, SC May 00, p60-65.

Wooden structures
Comparison of ASD and LRFD Codes for Wood Members. III: Connections, Patrick J. Pellicane, SC May 00, p66-69.

Conceptual Model for Temporary Bracing of Metal-Plate-Connected Wood Trusses, C. R. Underwood and F. E. Woeste, P.E., SC Feb. 00, p36-40.

World Wide Web
Structural Design Forum, Carl J. Lehman, P.E., SC Aug. 00, p83-90.

Wrought iron
1869 Whipple Bridge Back across Enlarged Erie Canal, F. E. Griggs, Jr., SC Aug. 00, p106-114.

Yield
Governing Yield Modes for Common Bolted and Nailed Wood Connections, Brian J. Tucker, David G. Pollock, Kenneth J. Fridley and Jeffery J. Peters, SC Feb. 00, p14-26.
